INDUSTRIAL TOOLS & EQUIPMENT

A wide selection of industrial tools and equipment built for durability, safety and high performance in demanding work environments.

FEATURES

- High strength and durable tools
- Ergonomic design for better handling
- Corrosion resistant finishes
- Precision engineered for accuracy
- Suitable for heavy duty industrial use
- Available in a wide range of sizes and types

APPLICATIONS

- Maintenance & Repair
- Fabrication & Assembly
- Construction Industry
- Manufacturing Plants
- Oil & Gas Industry
- Utilities & Workshops

PIPE WRENCH (HEAVY DUTY)

- Drop forged steel body
- Adjustable jaw
- Strong grip & long life

Size Range	8" to 48"
Material	Forged Steel
Jaw Type	Adjustable
Handle	Heavy Duty
Application	Pipe Grip & Turn

ADJUSTABLE WRENCH (CRESCENT)

- Chrome vanadium steel
- Smooth adjustment
- Corrosion resistant

Size Range	6" to 24"
Material	Cr-V Steel
Finish	Chrome Plated
Jaw Type	Adjustable
Application	Nuts & Bolts

HEX KEY SET (ALLEN KEY)

- Hardened alloy steel
- Black oxide finish
- Metric / Inch sizes

Size Range	1.5 mm to 12 mm
Material	Alloy Steel
Finish	Black Oxide
Type	Short / Long Arm
Application	Hex Socket Screws

SCREWDRIVER SET (INSULATED)

- Insulated for safety
- Magnetic tips
- Multiple tip types

Size Range	Set of 6 / 8 / 12
Material	S2 Steel
Handle	PP + TPR
Tip Type	Flat / Phillips
Application	Electrical Work

HAMMER (BALL PEIN)

- Forged steel head
- Heat treated
- Wooden handle

Weight Range	150g to 1000g
Material	Forged Steel
Handle	Wooden
Type	Ball Pein
Application	Metal Work

COLD CHISEL

- High carbon steel
- Hardened cutting edge
- Heavy duty

Size Range	10 mm to 32 mm
Material	High Carbon Steel
Type	Flat / Point / Cross
Finish	Polished
Application	Chiseling Work

MEASURING TAPE

- Shock resistant body
- Clear markings
- Auto lock system

Size Range	3m / 5m / 7.5m / 10m
Blade Width	16mm / 25mm
Material	Steel Blade
Lock Type	Auto Lock
Application	Measurement

UTILITY KNIFE

- Heavy duty body
- Retractable blade
- Comfortable grip

Blade Size	18 mm / 25 mm
Material	Zinc Alloy Body
Type	Snap-off Blade
Grip	Anti Slip
Application	Cutting Work

HACKSAW FRAME

- Strong steel frame
- Adjustable blade tension
- Comfortable handle

Size Range	12" / 18"
Material	Steel
Handle	Ergonomic
Blade Type	Bi-Metal
Application	Metal Cutting

TIN SNIPS SET

- Drop forged blades
- Cuts straight & curves
- Left, Right & Straight cut

Size	10" (250 mm)
Material	Cr-Mo Steel
Handle	PVC Dipped
Type	Straight / Left / Right
Application	Sheet Metal Cutting

BENCH VICE

- Heavy duty construction
- Smooth operation
- Strong grip

Jaw Width	100mm to 200mm
Material	Cast Iron
Type	Fixed Base
Finish	Paint Coated
Application	Work Holding

TAP & DIE SET

- High speed steel
- Complete set
- Precision threading

Size Range	M3 to M12
Material	HSS
Type	Tap & Die Set
Case	Metal Case
Application	Thread Cutting

INDUSTRIAL TOOLS & EQUIPMENT

A comprehensive range of industrial tools and equipment suitable for maintenance, assembly and repair tasks across various industries.

FEATURES

- Reliable & long lasting performance
- Designed for heavy duty applications
- Precision & durability in every tool
- Ergonomic design for easy handling
- Wide range of tools for every need

APPLICATIONS

- Industrial Maintenance
- Production & Assembly
- Mechanical Workshops
- Construction Sites
- Automotive Industry
- General Engineering

TORQUE WRENCH (MICROMETER TYPE)

- Accurate torque control
- Easy to read scale
- Reversible ratchet head

Torque Range	20 to 200 Nm
Drive Size	1/2"
Material	Alloy Steel
Finish	Chrome Plated
Application	Torque Tightening

IMPACT SOCKET SET (1/2" DRIVE)

- Chrome molybdenum steel
- Impact grade quality
- Durable storage case

Size Range	10 mm to 32 mm
Drive Size	1/2"
Material	Cr-Mo Steel
Finish	Black Phosphate
Application	Impact Use

RATCHET HANDLE (QUICK RELEASE)

- Quick release mechanism
- 72 teeth gear system
- Comfortable grip

Drive Size	1/4" / 3/8" / 1/2"
Teeth	72T
Material	Chrome Vanadium
Finish	Mirror Polished
Application	Socket Operations

EXTENSION BAR (1/2" DRIVE)

- Heat treated steel
- Corrosion resistant
- Knurled grip

Length	75 / 125 / 250 mm
Drive Size	1/2"
Material	Cr-V Steel
Finish	Chrome Plated
Application	Socket Extension

UNIVERSAL JOINT (1/2" DRIVE)

- Allows angling up to 45°
- Smooth operation
- High strength steel

Drive Size	1/2"
Material	Cr-V Steel
Finish	Chrome Plated
Type	Universal Joint
Application	Angled Access

PUNCH SET (6 PCS)

- Heat treated tips
- Precision ground
- For marking & alignment

Sizes	2, 3, 4, 5, 6, 8 mm
Material	High Carbon Steel
Finish	Black Oxide
Type	Parallel Punch
Application	Punching & Aligning

CENTER PUNCH

- Hardened striking end
- Knurled body for grip
- Accurate centering

Size	120 mm
Material	High Carbon Steel
Finish	Black Oxide
Type	Knurled
Application	Center Marking

PRY BAR (WRECKING BAR)

- Forged steel construction
- Flat & claw ends
- High leverage design

Length	300 / 450 / 600 mm
Material	Forged Steel
Finish	Black Powder Coated
Type	Flat & Claw
Application	Prying & Lifting

OIL FILTER WRENCH (BELT TYPE)

- Strong grip on filter
- Adjustable size
- Durable construction

Capacity	60 to 120 mm
Material	Steel + Rubber Belt
Handle	Ergonomic
Type	Belt Type
Application	Filter Removal

FEELER GAUGE SET (METRIC)

- Precision ground blades
- Metric measurement
- Rust resistant

Size Range	0.04 to 1.00 mm
Material	Spring Steel
Finish	Satin Finish
Type	Metric
Application	Gap Measurement

MAGNETIC PICK-UP TOOL (TELESCOPIC)

- Extendable telescopic rod
- Strong magnetic tip
- Ideal for hard to reach areas

Length	180 to 820 mm
Tip Capacity	2.5 Kg
Material	Stainless Steel
Handle	Ergonomic
Application	Tick-up Tool

LED INSPECTION LIGHT (RECHARGEABLE)

- Bright LED illumination
- Rechargeable battery
- Magnetic base & clip

LED Output	300 Lumens
Battery	Li-ion Rechargeable
Material	Aluminum Body
Mode	High / Low
Application	Inspection Light

AIR BLOW GUN

- High pressure airflow
- Variable flow trigger
- Ideal for cleaning

Inlet Size	1/4" BSP
Material	Aluminum Body
Max Pressure	10 Bar
Type	Trigger Type
Application	Air Cleaning

HOSE CLAMP PLIERS

- Locking mechanism
- Interchangeable jaws
- For hose clamps

Length	220 mm
Material	Carbon Steel
Handle	PVC Coated
Type	Flexible Cable
Application	Hose Clamp

THREAD RESTORER SET (METRIC)

- Restores damaged threads
- Multiple sizes
- Easy to use

Size Range	M5 to M12
Material	High Speed Steel
Finish	Hardened
Type	Metric
Application	Thread Repair

DEBURRING TOOL (SET)

- Removes burrs & sharp edges
- Interchangeable blades
- Comfortable handle

Handle	Aluminum
Blades	5 Pcs (Different)
Material	HSS Blades
Type	Deburring Set
Application	Deburring Work

INDUSTRIAL TOOLS & EQUIPMENT

A complete range of industrial tools and equipment for professional performance in challenging environments.

FEATURES

- Engineered for efficiency and safety
- Built for heavy duty applications
- Ergonomic design for better control
- Reliable, accurate and long lasting
- Wide variety for every industrial need

APPLICATIONS

- Maintenance & Repair
- Engineering Workshops
- Construction Industry
- Automotive Industry
- Fabrication Works
- General Manufacturing
- MRO & Utility Services

RIVET GUN (HAND TOOL)

- Strong metal body
- Comfortable grip
- For aluminum & steel rivets
- Easy to use

Size	8" / 10"
Material	Steel Body
Nose Pieces	2.4, 3.2, 4.0, 4.8 mm
Handle	PVC Coated
Application	Riveting Works

SOLDERING IRON (ELECTRIC)

- Fast heating element
- Insulated handle
- Long life tip
- Ideal for electrical work

Power	25W / 40W / 60W
Voltage	220V AC
Tip Material	Copper
Handle	Plastic
Application	Soldering

HEAT GUN

- Variable temperature control
- Overheat protection
- Multiple airflow settings
- For shrink, dry & strip

Power	1600W / 2000W
Temperature	50°C – 550°C
Air Flow	250 – 500 L/min
Voltage	220V AC
Application	Heating & Shrink

DIGITAL MULTIMETER

- LCD display
- Overload protection
- AC / DC voltage
- Resistance & continuity

Display	3½ Digit LCD
Voltage	AC 750V / DC 1000V
Current	DC 10A
Resistance	200Ω – 20MΩ
Application	Electrical Testing

CLAW HAMMER (STEEL HANDLE)

- Drop forged head
- Heat treated
- Shock resistant handle
- Balanced weight

Weight	8 oz / 16 oz / 24 oz
Material	Carbon Steel
Handle	Steel with Rubber Grip
Finish	Polished
Application	General Purpose

ADJUSTABLE PIPE CUTTER

- Sharp cutting wheel
- Smooth operation
- Adjustable feed
- For copper, brass & alu.

Capacity	3 mm to 32 mm
Material	Aluminum Body
Blade	Alloy Steel
Type	Adjustable
Application	Pipe Cutting

TUBE BENDER (MANUAL)

- Precise bending
- Durable construction
- Angle markings
- For copper & aluminum tube

Size	6 mm / 8 mm / 10 mm
Material	Steel
Angle Range	0° – 180°
Handle	Non Slip
Application	Tube Bending

BOLT CUTTER

- High cutting capacity
- Induction hardened jaws
- Strong & durable
- Comfortable grip

Size	14" / 18" / 24" / 30"
Material	Chrome Vanadium Steel
Handle	PVC Grip
Cutting Type	Center Cut
Application	Bolt & Rod Cutting

GREASE GUN (LEVER TYPE)

- High pressure
- Heavy duty construction
- Leak proof
- For cartridge & bulk

Capacity	400 cc / 500 cc
Material	Steel
Type	Lever Action
Pressure	Up to 6000 PSI
Application	Lubrication

BEARING PULLER (3 JAW)

- Strong forged steel
- Self centering jaws
- Smooth operation
- Reversible jaws

Size	3" / 4" / 6"
Material	Carbon Steel
Type	3 Jaw
Finish	Zinc Plated
Application	Bearing Removal

VERNIER CALIPER

- High accuracy
- Metric & inch scale
- Stainless steel
- Smooth sliding

Range	0 – 150 mm / 6"
Material	Stainless Steel
Accuracy	±0.02 mm
Graduation	0.02 mm / 0.001"
Application	Measurement

MICROMETER (OUTSIDE)

- High precision
- Hardened spindle
- Ratchet stop
- Metric / Inch

Range	0 – 25 mm
Accuracy	0.01 mm
Material	Steel
Type	Outside Micrometer
Application	Precision Measurement

SPRING BALANCER

- Adjustable tension
- Smooth retraction
- Increase productivity
- Safe & reliable

Capacity	0.5 kg – 3.0 kg
Cable Length	1.3 m
Body Material	Aluminum
Type	Retractable
Application	Material Handling

CHAIN BLOCK (MANUAL)

- High lifting capacity
- Strong load chain
- Easy operation
- Safe & reliable

Capacity	1 Ton / 2 Ton / 3 Ton
Lift Height	3 m / 5 m / 10 m
Chain	High Grade Alloy Steel
Type	Manual
Application	Lifting & Pulling

PALLET TRUCK (HAND OPERATED)

- Heavy duty pump
- Nylon steering wheels
- Smooth movement
- For material handling

Capacity	2.5 Ton / 3.0 Ton
Fork Length	1150 mm
Min. Height	85 mm
Max. Height	200 mm
Application	Material Handling

MAGNETIC PICKER (TELESCOPIC)

- Strong magnetic tip
- Telescopic rod
- Pocket clip
- Easy to carry

Length	170 mm – 800 mm
Tip Capacity	Up to 2.5 kg
Material	Stainless Steel
Handle	Rubber Grip
Application	Pick Small Parts

INDUSTRIAL TOOLS & EQUIPMENT

A wide variety of industrial tools and equipment to support productivity, precision and efficiency in every task.

FEATURES

- Reliable & long lasting tools
- Built for heavy duty applications
- Precision engineered for better results
- Ergonomic & safe design
- Wide range for every industrial need

APPLICATIONS

- Industrial Maintenance
- Manufacturing Plants
- Construction Industry
- Automotive Industry
- Fabrication Workshops
- Utilities & Services

CORDLESS IMPACT DRIVER

- High torque output
- Variable speed control
- Compact & lightweight

Voltage	18V DC
No Load Speed	0 - 2600 RPM
Max Torque	180 Nm
Chuck Size	1/4" Hex
Application	Fastening & Loosening

DIE GRINDER (STRAIGHT)

- High speed performance
- Precision grinding
- Slim body for control

Power	500 W
Collet Size	6 mm
No Load Speed	25000 RPM
Voltage	220V AC
Application	Grinding & Polishing

POLISHING MACHINE (7")

- Smooth polishing
- Variable speed control
- Comfortable grip

Power	1200 W
Pad Size	7 Inch
No Load Speed	600 - 3000 RPM
Voltage	220V AC
Application	Polishing Surfaces

ELECTRIC BLOWER

- Powerful airflow
- Lightweight design
- Easy to operate

Power	600 W
Air Volume	0 - 4.1 m³/min
No Load Speed	0 - 16000 RPM
Voltage	220V AC
Application	Cleaning & Dusting

BENCH GRINDER (6")

- Heavy duty motor
- Adjustable eye shields
- Stable cast iron base

Power	550 W
Wheel Size	150 mm (6")
No Load Speed	2950 RPM
Voltage	220V AC
Application	Grinding & Sharpening

MAGNETIC DRILL (MAG DRILL)

- Strong magnetic base
- Variable speed control
- Annular cutter compatible

Power	1600 W
Max Drill Dia	50 mm
Cutting Depth	50 mm
Voltage	220V AC
Application	Metal Drilling

PIPE THREADING MACHINE (ELECTRIC)

- High threading accuracy
- Heavy duty gear system
- Suitable for various pipes

Power	750 W
Capacity	1/2" - 2"
No Load Speed	28 RPM
Voltage	220V AC
Application	Pipe Threading

PLASTIC PIPE WELDER

- Fast heating
- Temperature control
- Suitable for PP, PPR, PE

Power	800 W
Temperature	0 - 300°C
Voltage	220V AC
Die Sizes	20, 25, 32, 40, 50, 63 mm
Application	Plastic Pipe Welding

HYDRAULIC PIPE BENDER (MANUAL)

- Smooth bending
- Heavy duty construction
- Multiple die options

Capacity	1/2" - 2"
Stroke	250 mm
Hydraulic Force	10 Ton
Weight	28 Kg
Application	Pipe Bending

VIBRATION METER

- Accurate vibration measurement
- Wide frequency range
- Easy to use

Measurement	Acceleration, Velocity, Displacement
Frequency Range	10 Hz - 1 kHz
Display	LCD
Power	Battery Operated
Application	Vibration Monitoring

LASER DISTANCE METER

- High measurement accuracy
- Backlit display
- Multiple measurement modes

Measuring Range	0.05 - 100 m
Accuracy	±2 mm
Display	LCD
Power	2 x AAA Battery
Application	Distance Measurement

STUD FINDER

- Detects wood & metal studs
- Live wire detection
- Easy to operate

Detection Depth	19 mm
Display	LED Indicator
Power	9V Battery
Material	ABS Plastic
Application	Wall Scanning

PORTABLE AIR COOLER

- Powerful cooling
- Low noise operation
- Portable & easy to move

Power	150 W
Air Flow	1500 m³/hr
Tank Capacity	20 Ltr
Voltage	220V AC
Application	Cooling

INDUSTRIAL VACUUM CLEANER (WET & DRY)

- Wet & dry cleaning
- Powerful suction
- Durable stainless steel tank

Power	1200 W
Tank Capacity	30 Ltr
Air Flow	53 L/Sec
Voltage	220V AC
Application	Cleaning

HEAVY DUTY CABLE CUTTER

- High cutting capacity
- Heat treated blades
- Comfortable grip

Cutting Capacity	Up to 50 mm²
Length	600 mm
Material	Chrome Vanadium Steel
Handle	Non Slip Grip
Application	Cutting Cables

CABLE PULLER (HAND WINCH)

- High pulling capacity
- Durable steel body
- Double gear system

Capacity	1.6 Ton / 1600 Kg
Cable Length	20 m
Gear Type	Double Gear
Material	Steel
Application	Pulling & Lifting

INDUSTRIAL TOOLS & EQUIPMENT

Comprehensive range of industrial tools and equipment designed for heavy duty applications in maintenance, repair and production.

FEATURES

- High performance tools for industrial use
- Engineered for safety and reliability
- Ergonomic & user friendly design
- Built to withstand harsh environments
- Wide selection for every industrial need

APPLICATIONS

- Industrial Maintenance
- Plant Operations
- Engineering Workshops
- Construction Projects
- Automotive & Transport
- Oil & Gas Industry
- Utilities & Services

ELECTRIC LIFTING WINCH (220V / 380V)

- High pulling capacity
- Thermal overload protection
- Low noise operation

Capacity	0.5 Ton – 5 Ton
Lift Height	6 m – 30 m
Lifting Speed	8 / 4 m/min
Voltage	220V / 380V
Application	Material Handling

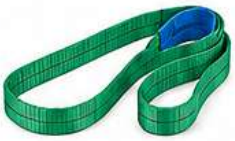

MANUAL CABLE PULLER (WIRE ROPE HOIST)

- Compact & portable
- Heat treated hooks
- High tensile wire rope

Capacity	0.8 Ton – 3.2 Ton
Wire Rope Length	10 m – 20 m
Wire Rope Dia.	8 mm – 16 mm
Body Material	Steel
Application	Pulling & Lifting

WEB SLING

- Lightweight & flexible
- High load bearing strength
- Wear & abrasion resistant

Capacity	1 Ton – 10 Ton
Length	1 m – 10 m
Width	25 mm – 300 mm
Material	Polyester
Application	Lifting & Rigging

SHACKLE (BOW TYPE)

- Forged steel construction
- Galvanized finish
- High load capacity

Capacity	0.5 Ton – 25 Ton
Size Range	6 mm – 55 mm
Material	Forged Steel
Finish	Galvanized
Application	Lifting & Rigging

HOOK BLOCK ASSEMBLY

- Heavy duty construction
- Smooth pulley movement
- Safe & reliable

Capacity	1 Ton – 20 Ton
No. of Sheaves	1 – 4
Hook Type	Swivel Hook
Material	Alloy Steel
Application	Crane & Hoist

BEAM CLAMP

- Quick & easy installation
- Secure grip on beam
- Heavy duty build

Capacity	1 Ton – 5 Ton
Jaw Opening	75 – 300 mm
Material	Forged Steel
Finish	Powder Coated
Application	Beam Lifting

LOAD CELL (COMPRESSION TYPE)

- High accuracy measurement
- Stainless steel body
- Overload protection

Capacity	100 Kg – 20 Ton
Output	2.0 mV/V
Material	Stainless Steel
Protection Class	IP67
Application	Weight Measurement

DIGITAL CRANE SCALE

- Bright LED display
- Remote control operation
- Tare & hold function

Capacity	1 Ton – 30 Ton
Display	LED Digital
Battery	Rechargeable
Accuracy	±0.1% FS
Application	Weighing Loads

CHAIN SLING (4 LEG)

- 4 leg configuration
- High strength alloy steel
- Heat treated hooks

Capacity	2 Ton – 20 Ton
Chain Size	6 mm – 16 mm
Length	1 m – 6 m
Material	Alloy Steel
Application	Lifting & Rigging

ROUND SLING

- 360° flexibility
- Core yarn for extra strength
- Lightweight & safe

Capacity	1 Ton – 10 Ton
Effective Length	1 m – 10 m
Material	Polyester
Safety Factor	7:1
Application	Lifting Heavy Loads

TOOL TROLLEY (7 DRAWER)

- Heavy duty structure
- Ball bearing drawer slides
- Central locking system

Drawer	7
Load Capacity	300 Kg
Material	CRCA Steel
Caster	4" Heavy Duty
Application	Tool Storage

WORKSHOP STOOL (ADJUSTABLE)

- Height adjustable
- Padded seat for comfort
- Sturdy base with wheels

Height Range	450 – 600 mm
Seat Diameter	300 mm
Base	5 Star
Material	PU Seat / Steel
Application	Workshop Use

MAGNETIC SWEEPER

- Strong magnetic power
- Easy to push & clean
- Ideal for metal debris

Sweeper Width	18 Inch / 24 Inch
Magnetic Power	Permanent Magnet
Wheel	Rubber
Material	Steel
Application	Floor Cleaning

OIL DISPENSER (MANUAL)

- Precision oiling
- Leak proof design
- Durable construction

Capacity	250 ml / 500 ml
Body Material	Steel
Spout	Flexible Metal
Operation	Manual
Application	Lubrication

PIPE ROLLER STAND

- Adjustable width
- Heavy duty rollers
- Stable & robust design

Roller Width	200 – 1200 mm
Load Capacity	500 Kg – 5 Ton
Height Range	680 – 1200 mm
Material	Steel
Application	Pipe Support

INSPECTION MIRROR SET

- Telescopic handle
- Multiple mirror sizes
- Ideal for inspection

Mirror Size	25 / 50 / 75 mm
Handle Length	250 – 900 mm
Material	Stainless Steel
Handle	Telescopic
Application	Inspection

INDUSTRIAL TOOLS & EQUIPMENT

Comprehensive range of industrial tools and equipment designed for heavy duty applications in maintenance, repair and production.

FEATURES

- High performance tools for industrial use
- Engineered for safety and reliability
- Ergonomic & user friendly design
- Built to withstand harsh environments
- Wide selection for every industrial need

APPLICATIONS

- Industrial Maintenance
- Plant Operations
- Engineering Workshops
- Construction Projects
- Automotive & Transport
- Oil & Gas Industry
- Utilities & Services

CORDLESS RIVET GUN (BRUSHLESS)

- Brushless motor
- High pulling force
- LED work light

Pulling Force	20,000 N
Rivet Capacity	2.4 – 6.4 mm
Stroke	25 mm
Battery Voltage	18V DC
Application	Riveting

PIPE CUTTER (HEAVY DUTY)

- Sharp alloy steel blade
- Smooth cutting
- Spare blade available

Capacity	3 – 35 mm
Material	Aluminum Body
Blade Material	SKD11 Steel
Weight	0.6 kg
Application	Pipe Cutting

TUBE EXPANDER SET (MANUAL)

- Hardened expander heads
- For copper & aluminum tubes
- Ergonomic handle

Tube Size	1/4" – 7/8"
Material	Alloy Steel
Finish	Chrome Plated
Case Material	Plastic
Application	Tube Expanding

OXYGEN REGULATOR (INDUSTRIAL)

- Precise pressure control
- Durable brass body
- Safety relief valve

Gas Type	Oxygen
Inlet Pressure	200 bar
Outlet Pressure	0 – 10 bar
Material	Brass
Application	Gas Regulation

ACETYLENE FLASHBACK ARRESTOR

- Prevents flashback
- Safe & reliable
- Easy installation

Gas Type	Acetylene
Max Pressure	1.5 MPa
Connection	9/16" – 18 UNF
Material	Brass
Application	Welding Safety

WELDING HELMET (AUTO DARKENING)

- Auto darkening filter
- UV/IR protection
- Adjustable sensitivity

Shade Range	DIN 9 – 13
Viewing Area	92 x 42 mm
Power Source	Solar + Battery
Material	PP
Application	Welding Protection

WELDING MAGNET (MULTI ANGLE)

- Multi angle 45° / 90° / 135°
- High holding power
- Heavy duty steel body

Holding Capacity	34 kg
Angles	45° / 90° / 135°
Material	Steel
Finish	Powder Coated
Application	Welding & Fabrication

GAS CUTTING TORCH (HEAVY DUTY)

- Strong & durable
- Smooth cutting
- Comfortable grip

Cutting Capacity	3 – 300 mm
Gas Type	Oxygen / Acetylene
Material	Brass
Length	505 mm
Application	Gas Cutting

COLD CHISEL SET (SDS PLUS SHANK)

- Heat treated steel
- High durability
- SDS plus shank

Pieces	5 Pcs Set
Material	Cr – V Steel
Shank Type	SDS Plus
Finish	Sand Blasted
Application	Chiseling

GROOVE JOINT PLIER (WATER PUMP PLIER)

- Adjustable jaw
- Strong grip
- Corrosion resistant

Size	10" / 12"
Material	Cr – V Steel
Handle	PVC Dipped
Finish	Nickel Plated
Application	Gripping & Holding

SPRAY GUN (AIR OPERATED)

- Fine atomization
- Adjustable pattern
- Stainless steel cup

Cup Capacity	600 ml
Air Pressure	2.5 – 3.5 bar
Nozzle Size	1.4 mm
Material	Aluminum
Application	Painting

AIR HOSE REEL (AUTOMATIC)

- Auto rewind function
- Flexible & durable hose
- Wall/ceiling mountable

Hose Length	15 Meter
Hose I.D.	3/8" (9.5 mm)
Max Pressure	20 bar
Material	PP Case
Application	Air Supply

INDUSTRIAL GREASE GUN (LEVER TYPE)

- Heavy duty lever
- High pressure
- Bulk & cartridge use

Capacity	500 cc
Max Pressure	6000 PSI
Material	Steel
Type	Lever Operated
Application	Lubrication

STEEL WIRE BRUSH (HAND HELD)

- Strong steel bristles
- Comfortable grip
- Rust & paint removal

Bristle Material	Steel
Handle Material	Wood
Rows	4 Row
Length	285 mm
Application	Cleaning

OIL FUNNEL (WITH FLEX SPOUT)

- Flexible spout
- Spill proof design
- Chemical resistant

Capacity	2 Liter
Material	HDPE
Spout Length	200 mm
Temperature	-20°C to 80°C
Application	Oil Filling

TOOL BAG (HEAVY DUTY)

- Heavy duty fabric
- Multiple pockets
- Strong zipper & handle

Size	18" (L)
Material	600D Polyester
Load Capacity	20 kg
Closure	Zipper
Application	Tool Storage
